

## SOFT SKILL DEVELOPMENT PROGRAMMES

Understanding that soft skills are now becoming the hard skills of the students, the institution has taken steps to incorporate the same in the different activities of the institution. Soft skill trainings are organized on a need basis in the different departments. The departments have incorporated soft skills within the curriculum and in the assessment of the assignments so that the students benefit the maximum. The following is a summary of the different soft skill trainings taken place in the institution during the last five years:
